PROJECTS

Title – Camera-Gallery Project

Duration: 2 Weeks

Period: August 2022

MODY UNIVERSITY OF SCIENCE & TECHNOLOGY
LAKSHMANGARH – 332311, Dist. Sikar
RAJASTHAN
www.modyuniversity.ac.in

Organization: Mody University of Science and Technology

Project Brief: This project is inspired by the snapshot application. We can capture and record the video in it. It's like a Camera application. The main highlight of this project is which further not only improves the efficiency of system but also helps to organize all the gallery related content at one place.

Title – Image Classifier using CNN

Duration: 4 Weeks

Period: January 2023

Organization: Mody University of Science and Technology

Project Brief: Image classification comes under the computer vision project category. In this project I have built a convolution neural network in keras with python. We will build a sequential deep neural network to improve performance.
